The Department of the Interior and Local Government (DILG) Region 1 released a total of Php 114,000,000.00 Performance Challenge Fund (PCF) subsidies to 96 Local Government Units (LGUs) comprised of nine (9) cities and 87 municipalities in the Region. The LGUs passed the eligibility requirements which include receipt of the CY 2012 Seal of Good Housekeeping (SGH), completion of previous PCF-projects, and liquidation of previous PCF subsidy.

Each of the nine (9) cities of Region 1 received a PhP 3 Million subsidy; while the 87 municipalities received PhP 1 Million each. The PCF subsidies were released after submission of administrative requirements and approval of the LGUs' project proposals. These will be used to finance projects in the LGUs' Annual Investment Program (AIP) which are consistent with the priority thrusts of the National Government. The approved projects are also in line with the provisions of the General Appropriations Act of 2013 such as achievement of Millennium Development Goals (MDGs), maintenance of core road networks to boost local economic development, promotion of transparency and accountability, Disaster Risk Reduction and Management and Ecological Solid Waste Management.

On its third year of implementation, the PCF is a reform program of the Department which seeks to incentivize good performance among LGUs. It also aims to rationalize intergovernmental fund transfers and align local initiatives with National Government priorities.

The CY 2013 PCF prioritizes LGUs under the 2nd-4th Income Class Category. Due to insufficiency of funds allocated supposedly for the 1st Income Class, LGUs which were affected by Typhoon Yolanda were given priority. (PO III Sheila Marie G. Andales)

"Agaplikar, Agbayad, Alaen": First RS4LG in R1 launched

The City Government of San Fernando, La Union headed by Mayor Pablo C. Ortega launched its new simplified business process and licensing system thru Executive Order No. 09-2014 before representatives from the business sector, media, barangays, and city government officials.

In his message, Mayor Ortega underscored that the new 3-step process will replace the usual 42 steps, deemed taxing for business applicants, before the business permit is released.

"Just *file* for application at the Permits and Licensing Office (PLO), *pay* at the Treasurer's Office the needed payment, get the receipt and then *claim* your permit. This 3-step process will apply to all business processing," said Mayor Ortega. He added that the new process will ensure an improved regulatory environment in starting a business which is clear, simple and short.

The new procedure is dubbed in Iloko as "Agaplikar, Agbayad, Alaen (AAA)," which means to File, Pay and Claim. The three (3) simplified steps were crafted through the assistance of the Department of Interior and Local Government (DILG), the Local Government Academy (LGA) and the International Finance Corporation of the World Bank under the DILG's Regulatory Simplification for Local Governments (RS4LG) Program.

"This won't violate the existing ordinance, it will only simplify it," Mayor Ortega said.

LEGAL OPINION

Atty. Joseph O. Apolonio
DILG Regional Legal Officer

INCREASE OF HONORARIUM

The law is very clear as to the increase of honoraria of the barangay officials. The honoraria of barangay officials can be increased but the effectivity of such increase will be upon the expiration of the full term of incumbent barangay officials approving the same [section 391(10) of RA 7160].

However, incumbent barangay officials are entitled to an increase in honoraria, during their present term, if there is a general salary adjustment authorized by law. While the Local Government Code prescribes the minimum rate of honoraria prohibits incumbent officials from enjoying salary adjustments legislated during their terms [Section 391 (a) item No.10,], the compensation system barangavs under Salarv has been placed Standardization Law virtue Executive Order by of 332 No. dated May 16, 1996 (Subject: Integrating Revised the Barangay Governments into the

Position Classification and Compensation System in the Government). The Code's prohibition refers only to increases legislated by the local governments.

To sum up, if the increase is made by the local officials during their term, the effectivity is after the expiration of their full term. However, if by an act of Congress, honoraria can be claimed by the local officials even during their term of office.

COMMUNITY SERVICE AS PENALTY

The Sanggunian Bayan cannot impose Community Service as direct or alternative penalty because section 447 (a) (1) (iii) of RA 7160 only authorizes the Sanggunian Bayan to impose the penalty of fine or imprisonment or both in their municipal ordinances.

To grant such authority to impose the penalty of community service would run counter to the provisions of Local Government Code which only provide fine and imprisonment as penalties. There is no existing law that gives authority to the local Sanggunian to impose Community Service as a penalty for violation of municipal ordinance.
