# Message from the Regional Director

Over the years, the Department of the Interior and Local Government Region 1 has exhibited strong presence in the region in terms of nurturing local governance and in forging multi-stakeholder partnership aimed to foster sustainable development. Because of this, the office was able to demonstrate its potential to become a catalyst of growth and progress.

The year 2017 is not an exemption.

2017 became witness to the successful implementation of the various programs, projects, and activities coupled by achievements, recognitions, and awards received by the office. From being able to produce the most number of Seal of Good Local Governance Awardees for three consecutive years to having been recognized as the first region to comply with the 2017 Performance -Based Bonus (PBB) Requirements for QMS Establishment, which is further highlighted by having been rated as one of the Best Offices in the Department for the 4th consecutive year in the rating of delivery units for the PBB, the DILG R1 remains to be one of the top performing operating units in the Department.

To the whole workforce of DILG R1, the steadfast commitment you have given for the realization of our goals are beyond compare. No words can describe the gratitude I have for all the support you've shown.

To the Top Management, Bureaus, Services and the Local Government Academy, for constantly guiding and assisting us as we deliver the services to the people of Region 1, our thanks and gratitude. We also acknowledge our partners from the National Government Agencies (NGAs), Local Resource Institutes (LRIs), Civil Society Organizations (CSOs), and Local Government Units (LGUs) for working with us hand in hand in providing the best service possible to the general public. Most of all to our God Almighty for giving us the opportunity to serve others, for the strength and inspiration, and for giving us the skills needed to accomplish the task bestowed on us as public servants.

May we then welcome 2018 with a more vigorous resolve to serve the needs of the public.

# Message from the Asst. Regional Director

**T**he will and determination to push through amidst every obstacle, with minds filled with inspiration and hearts filled with commitment to serve, were our beacon for 2017. When I look back in the previous year, my heart is indeed full of joy and gratitude to all the DILG R1 personnel and stakeholders for their sacrifices and relentless pursuit for excellence and service to others.

As you read this Annual Report, I hope you will gain insights into the breadth and depth of our different programs, projects, and activities (PPAs). Managing and accomplishing these PPAs is not an easy task. It requires more than what is expected from each and every individual involved. Hence, we never forget to continue fulfilling our functions and responsibilities with integrity, sincerity, and dedication. Because of these, we were able to receive various recognitions that will further inspire us to serve and become forerunners of change geared towards sustainable development and improvement of life.

Therefore, together with our partners from various institutions, we will press on towards better programs, and enhanced capacity for our clients. For us, they deserve to see that the promises of tomorrow is today's reality.

Let us look forward to another amazing year.
