FISCAL YEAR

# INTRODUCTION

The year 2020 is definitely an unforgettable year for all the people and all organizations around the world, and undeniably a challenging year for DILG Region 1.

Amidst the threat of the COVID-19 pandemic, the DILG Region 1 has exerted so much effort in carrying out its mandate of providing technical and administrative services, performing oversight functions, and providing rewards and incentives to four (4) Provinces, 125 City/Municipalities, and 3,267 barangays through the implementation of the various deliverables of the Department for FY 2020.

2020 may not be the best year we expected it to be, yet it turned us to be the best version that we could ever be. Our ways changed. Our environment changed. Yet the torch of our commitments continue to burn.

Polished by challenges and shaped by the new normal, we, the men and women of DILG Region I shall continue to be "Matino, Mahusay at Maaasahan".

# MESSAGE OF THE REGIONAL DIRECTOR

History books that will be written decades from today will describe the year 2020 as one of the most challenging times in human history. Future generations may wonder how we lived through all of the unprecedented challenges – the lockdowns, border restrictions, closed schools, high unemployment rates, and full hospital bed capacities.

At the height of the government's declaration of public health emergency, DILG Region 1 has been in the frontlines alongside the local government units (LGUs), other national government agencies, private sectors, and other partners as they circumnavigate through the difficulties of the new normal.

Since the imposition of community quarantine in the Entire Luzon, we have activated our Emergency Operations Center (EOC) in order to facilitate multi-stakeholder coordination and monitor LGU responses to various national government directives and measures against COVID-19. We provided technical and administrative services to our Locally Stranded Individuals (LSIs) or foreign nationals and Filipino citizens who intend to return to their place of residence/origin.

We stepped up our LGU capacity development and information communication drive by procuring Information Education Campaign (IEC) Materials and utilizing online platforms to raise awareness on relevant information regarding COVID-19, as well as the different programs, projects, and activities of the Department and to prepare our LGUs for the challenges of the full devolution in 2022.

We coordinated with the Department of Social Welfare and Development (DSWD) for the implementation of the Social Amelioration Program (SAP) to ensure the smooth distribution of assistance to our beneficiaries.

We hired and capacitated contact tracers to reinforce the existing contact tracing team of our LGUs, tasked not only to contact trace, but to conduct case investigation, active surveillance, public health risk assessment, and health education resulting to effective contact tracing in the local levels.

Regular programs of the Department such as but not limited to the Anti-Drug Abuse Councils (ADACs), Inter-Agency on Anti-Illegal Drugs (ICAD), and Regional Peace and Order Council (RPOC) were not left behind, as DILG Region 1 continuously carry them out despite being hands full with the actions needed to be carried out in order to address the pandemic.

These feats will not be possible without our Top Management, Bureaus, Services, and the Local Government Academy for always assisting us in the implementation of the different programs, projects, and activities of the Department.

Our deep appreciation to our beloved local government units, national government agencies, civil society organizations, the academe, and other stakeholders for being our partners in the relentless pursuit of public service.

Finally, my heartfelt gratitude to the Matitino, Mahuhusay, and Maaasahang men and women of DILG Region 1 for traversing this pandemic by remaining intact and committed to fulfilling our mandate in the best way that we can despite the present circumstance we are in. Thank you, for all of your sacrifices and commitment.

Looking forward, the best is yet to come for DILG Region 1 with all of you around. Keep the tradition of excellence burning and the motivational spirit boiling in your hearts. Shout out to the world and proclaim our mantra "DILG Region 1 always Number One!"

This annual report will be a history book – a legacy for our future generations, to echo through the ages not only the hard work and competence of our men and women of DILG Region 1 but also the ingenuity and resilience of the Filipino nation, despite the difficult trials and burdens of 2020.

# MESSAGE OF THE ASST. REGIONAL DIRECTOR

New Challenges. New Normal. Same Passion. Same Torch Burning.

The Department of the Interior and Local Government, Regional Office 1 has once again proven that amidst all the challenges, we can make the most out of every obstacle that we face.

Year 2020 brought us the most unexpected setup in our way of life. Compared to the previous years, 2020 prompted us to adjust more, work more and sacrifice more than we what used to.

On the onset of the lockdowns and zonal movement restrictions, we were groping in the dark how to continuously provide efficient and effective technical and administrative services, and most especially carry out our oversight functions to the local government units.

The pressure to stay calm every passing day heightens while thinking about our families, exposure to the COVID-19, and at the same time our duties and responsibilities as public servants.

Practices which we never thought to be possible are now possible: virtual conferences, meetings, and all thanks to the aid of technological advancement.

Undeniably, new normal changed the way we do things but our quest to provide efficient, effective and excellent public service did not falter.

We remained to be the “Matino, Mahusay, and Maaasahan at May Malasakit” public servants ready to provide service to our clientele through our programs, projects and activities. The immeasurable support of everyone from the field offices, provincial offices and the regional office, and the continuous guidance of the Top Management greatly contributed to our excellent performance.

This Annual Report 2020 is dedicated to all the hardworking men and women of DILG Region 1 – for this is the crystal-clear reflection of all the silent sacrifices and unsung challenges we faced and surmounted.
